SHORTS.

—The Catholic fair cleared over \$4,000.
 —The Methodist Sunday School anticipate making an excursion to the Hudson.
 —There will be no general picnic of the public schools at the close of this season.
 —The new School Board holds its first regular meeting on next Monday evening.
 —We call attention to changes in the railroad time table and the mail schedule of the Post Office.
 —The Hudson river camping out excursionists expect to start upon their journey on the morning of July 5.
 —"Born in Delaware; died in Faith," is the terse inscription recently carved on a tombstone at one of our marble yards.
 —The third ward is jubilant because it has the largest population, the most voters, and a prospect of having such a fine school house.
 —The steamboat Nelly White has been withdrawn from the Delaware river, and is now plying as an excursion boat between New York and Coney Island.
 —About fifty members of H. Clay Beatty Post, No. 78, G. A. R., paid a fraternal visit to Meade Post, No. 1, at Philadelphia, on Monday evening. They unite in reporting a pleasant time.
 —The excursion to Ocean Grove, provided by the Bristol Baptist Church on July 22, bids fair to be a profitable one to the Church as well as affording a pleasant time to the excursionists.
 —The artesian well at the Livingston Mills has been drilled to the depth of 380 feet. It is thought that a sufficient supply of good water has been reached. It will be tested to-day or to-morrow.
 —We hear it stated that there are a number of dogs in Bristol that have not been assessed. Those persons who pay a dog tax naturally have a right to growl when their neighbors' dogs are not taxed.
 —A little girl of William Michener, while at his slaughter-house back of Linden street, was severely injured on Tuesday by a large door falling on her and crushing her to the floor. A basket she had with her broke the force of the blow and, probably, saved her life.
 —Mr. J. M. Brown has a number of silk worms which began spinning last week. They have attracted considerable attention, but Mr. Brown does not imagine that he will procure enough silk from this source to supply the trade from the result of this season's experiments.
 —The pamphlet giving an account of the Centennial Celebration of Bristol Masonic Lodge, No. 25, issued from this office, contains the historical address of B. F. Gilkeson, Esq., the oration of Mr. Clifford P. McCalla, and Judge Watson's remarks at the banquet in the evening.
 —There was a good-sized sensation at C. W. & J. Peirce's mills, yesterday afternoon. The piston rod of the large engine which drives the great portion of the machinery in the mill broke, and the piston knocked out the cylinder head. The force of the blow was so great that the noise produced sounded like the firing of a heavy gun. It will probably be about a week before the break is repaired, during which time a large proportion of the employees will have an opportunity to take summer excursions to the seashore or other popular resorts.
 —Prof. Krichbaum and Miss Booz had their attention fully occupied on Saturday. They took the Grammar School down on the Columbia to Philadelphia, and paid a visit to the Academy of Natural Sciences and other places of interest. The party returned home on the evening boat, after absorbing all the knowledge and information to be gained in the city. It was a merry company, and although so much wiser than when they went away, did not allow their wisdom to press so heavily upon their minds that they could not enjoy themselves heartily.
 —The increase in population of Bristol borough during the last decade is over 60 per cent. In all the returns thus far published we have not heard of any town that has shown so great an increase. Bristol owes its prosperity entirely to the manufacturing interests that have been developed here. Its increase in population and wealth is due to no other cause. There are some places which for various reasons have enlarged their borough limits, and thus an apparent increase is shown, but Bristol's boundary lines to-day are the same that they were ten years ago and for many years previous. We claim for Bristol that she is in rate of increase the banner borough of the Keystone State.
 —Last Thursday morning a tramp found that William J. Davis was absent from his shop at the marble yard, and went in and explored the place. Mr. Davis' coat, hanging on the wall, caught his eye, and he concluded it would fit him, so he put it on under his own coat and marched off. Mr. Davis did not miss the coat until dinner-time. He learned that a strange man had been prowling around and at once suspected that his coat had been stolen. He called upon Constable Saxton for aid, and hunted around for the tramp. They did not find him, but found the coat in possession of James McCracken, who had bought it of the tramp for 75 cts. Mr. Davis recovered his property, but paid McCracken the amount he had invested in the clothing speculation. Tramps have been quite numerous within the past two weeks, and a number of petty thefts have resulted from their presence.

PERSONAL MENTION.

Miss SARAH PEIRCE has returned from a short visit to Asbury Park.
 Mr. H. KING and family, of New York City, are spending a few weeks at Bloomsdale.
 HARRY YORK left Bristol on Monday for the Delaware Water Gap, to recruit his health.
 Rev. Mr. TRAVIS, of Germantown, preached in the Presbyterian Church last Sunday.
 Miss NANNIE EDWARDS, of Philadelphia, is visiting Mrs. H. U. Howes, on Cedar street.
 Professor WOODRUFF will be in Bristol on Saturday to hold the annual teachers' examination.
 Mrs. EDMUND GRUNDY and daughter, of Philadelphia, spent several days in Bristol this week.
 Judge PEIRCE and family, of Philadelphia, have resumed their summer residence at Walter Laing's.
 Rev. J. WELSHMAN, formerly pastor of the Presbyterian Church here, spent last Monday in Bristol.
 Miss MAY NICHOLS, one of Miss Merriam's students, has returned to her home at Cambridge, N. Y.
 Rev. Mr. HOOD, the recently appointed colored minister, preached to his new congregation on Sunday.
 Miss CARRE DARLINGTON, of Chester County, granddaughter of Mrs. Sarah Townsend, is visiting relatives here.
 Professor KITCHENHAM expects to spend his vacation at Bedford, in the western part of the State where his parents reside.
 Miss JESSIE E. WELLS has gone to Cambridge, N. Y., where her parents reside, to remain until September next.
 Mrs. THOMPSON, of Philadelphia, is spending several weeks in Bristol, the guest of her daughter, Mrs. Rev. Dr. Knox.
 DANIEL MUNCEY, of the GAZETTE, is taking a week's recreation among friends and relations in the State of Delaware.
 Miss KATE BRECK started for the West yesterday morning. She expects to spend the summer sojourn near Milwaukee, Wisconsin.
 Miss E. PECK departed for Connecticut last Friday. She will return in time to be at the opening of the fall term of Miss Merriam's School.

JOHN PENNINGTON, well known to many Bristolians, and formerly supervisor of the Delaware Division Canal, was in town on Tuesday.
 BURNET LANDRETH is taking a trip through Canada and Wisconsin. The Landreth farm in Wisconsin is pronounced to be the model one of the State.
 Annandale, Dutchess County, New York, is the pleasant location where A. WEIR GILKESON, Esq., is making a two weeks visit, the guest of Rev. R. B. Fairbairn.
 Rev. Dr. J. H. M. Knox left Bristol on Friday for Pittsburgh, where he is to deliver a memorial sermon upon the late Dr. George Jackson, a prominent Presbyterian.

—The Fair in aid of St. Mark's Church and Missions closed on Saturday evening last, the result being most satisfactory. Father Ward desires to express in this public manner his heartfelt appreciation of the generous support he received, not alone from his own people, but from the many non-Catholics of Bristol, who, by their presence at the fair, manifested their kindly feeling toward himself and congregation. Some of the articles in the Fair Room could not be disposed of Saturday night, owing to the fast approach of Sunday morning. The public drawing for the horse will take place on Friday evening, the 25th inst., at 8 o'clock, in Caber's Hall, and in order that this may be done in a satisfactory manner, Father Ward has secured the services of six prominent gentlemen of Bristol, who have kindly consented to act as overseers of the drawing. After this is through, the remaining articles will be chanced off. All those interested are respectfully invited to be present. Admission Free.

—The scarcity of sturgeon in the Delaware is owing to the down river fisheries, where extensive nets are used in catching this fish. Lately several have been seen near the water works wharf, leaping in the air. Thirty years ago they could be seen almost at any time leaping along the river, but they are a rare sight now. They have been known in their leaps, to fall in market boats and be thus secured. It has been said that there was danger, where they most abounded, to cross the Delaware in small fishing skiffs.

—It is our sad duty to record the death of Miss Carrie Babbitt, of Toledo, Ohio, which took place yesterday evening at 7 o'clock at the residence of Mr. Charles Peirce. Miss Babbitt had been visiting her friends and former schoolmates in Bristol for several weeks past, and had been taken sick with typhoid fever but a little over a week ago. She was a young lady of more than ordinary ability, and was greatly endeared to the large circle of her acquaintances by reason of her many social qualities.

—The borough of Newtown has a population of 950, and the township 970. Ten years ago the population of both was 1704, showing an increase in ten years of 126. Although the increase is small Newtown has a future, and the next decade will likely show a handsome expansion.

—Chester's census gives 15,038 population. In 1870 she had 9,485. This is an increase of nearly 60 per cent. Chester is one of the most flourishing towns in the State, but Bristol's percentage still shows best.

—Langhorne's census enumerator has returned the population of that borough at 557. Langhorne was not incorporated ten years ago, hence its present population is incomparable.

—The population of New Hope is found to be 1,150. In 1870 it was 1,225.

—The army worm has made its appearance in Penn's Manor.

—Berks county, Pa., contains 14,265 persons subject to military duty, according to the late census—a good-sized army.

NEW PUBLICATIONS.

MEMOIRS OF MY EXILE. By Louis Kossuth. Translated by Forence Jausz. Card mailla cover. Price, 40 cents. Nos. 30 and 31 Standard Series.
 This work has just been issued in Europe, being published simultaneously in Pesth, Hungary, Paris and London. It is proving the literary sensation of the year. The prominent part taken by Kossuth in the events described, his patriotic singleness of purpose, and, above all, the hold he has upon the hearts of Americans, will give the book many readers in America.

POPULAR HISTORY OF ENGLAND. By Charles Knight. Vol. 8. Price, 35 cents. No. 18 Standard Series.
 This is the concluding volume of Funk & Co's popular edition of this great work. It contains the Appendix-Annals 1848-1887, a large number of tables of contemporary sovereigns, chronological tables of British Writers, etc. This volume also contains a very complete index and table of contents for the entire work. A very great improvement has been made in this edition in grouping together the tables of each class instead of scattering them, as they are in other editions, through the different volumes. The price now of this valuable history is so low that almost every family can possess it.

—In seeking places for summer recreation among the pleasant spots along the sea shore, we know of none that combines all the requisites of real and healthy pleasure to a greater degree than Ocean Grove. Situated on the coast in the midst of watering places of greater or less renown, the drives in the neighborhood surpass in interest those of most other resorts in this particular. In one direction, Long Branch and Elberon are but a short distance away; in the other, Sea Girl, Ocean Beach, Squan, and Point Pleasant, are objective points for a pleasant hour's drive, while Shark river, but a few miles away, attracts numbers who seek the pleasure that fishing for crabs bestows. Another peculiarity of the location is the remarkable absence of mosquitoes from Ocean Grove. The entire freedom from the Jersey mosquito is in itself a consideration which cannot fail to influence numbers to this favored spot.

Among the principal features of Ocean Grove, the Sheldon House stands in the foremost rank by reason of its excellent location, its appointments, and the care bestowed by the proprietor, Welcome E. Sheldon, and his corps of able assistants, for the comfort of its guests. The engravings which we gave our readers in the GAZETTE last week show better than words can tell of the beauty of its location and the capacity of the house. It is the largest and most central house in the Grove, the only one having a passenger elevator and all other important first-class modern improvements. It has speaking tubes from the office to each room, telephone, telephone, fire-escapes, and what is perhaps more necessary than all these, but which is frequently omitted in buildings of this class—perfect drainage by a large new sewer. There are also in the house, for those who for any reason do not desire to bathe in the ocean, warm salt water and galvanic baths; in fact, everything that money can do for the comfort of the visitor is done at the Sheldon House.

—By a late law the close season for woodcock in New Jersey is extended to September first.

—The Cincinnati Convention sat down on Tammany in a way that was sorrowful to behold.

—The school directors of Buckingham township have raised the teachers' salaries to \$40 per month.

—The total catch of the Newfoundland seal fisheries this year was only about 23,000, one-twentieth of the usual catch.

—The Vermont Republicans nominated a ticket headed by Col. Roswell Farnham, of Bradford, and adopted the National Republican platform.

—Report gives the appointment to succeed ex-Governor Hartranft as Postmaster of Philadelphia either to J. Fraley Smith or ex-Sheriff Howell.

—The Maine Republicans have renominated Governor Davis and declared in favor of the present prohibitory law and the election of the Governor by a plurality vote.

—General Grant declared the other day, in a mixed company, that "Garfield was a good man and had always been right." It is also now declared and proved that when the dispatch reached Galena of Garfield's nomination, Grant turned to those standing near and said: "They have nominated a candidate that we can all support."

—The wreck of the Long Island Sound steamer Narragansett was sold at auction, on Saturday, by order of the United States District Court, just as she lies off Canfield Point, for ten thousand dollars. It is understood suits have been instituted against the steamboat company by the injured and the heirs of those killed for damages.

—An exciting scene arose in the English House of Commons yesterday. Mr. Bradlaugh, after making an eloquent speech against the right of the House to refuse him his seat, positively declined to withdraw when so directed by the Speaker, and by the order of the House was taken in custody and confined in the clock-tower.

—List of letters remaining in the Bristol Post Office, Wednesday evening, June 24:—John Chubbman, Bridget A. Coyle, Susanna Cole, Margaret Davis, James Dugan, Michael Perry, Mrs. Mary V. Field, John Fraser, Owen Gallagher, James K. Holt, Charles Kemble, John Knox, Mary A. Meelan, Bridget McBride, Harriet L. Rich, H. P. Stone, Rose Sweney, Col. James M. Tower, Henry Walton, John Weida, Ebenezer Wilson, James Vincent.

—A good straw hat 10 cents at Wood's.
 —Preserving-jars at Wood's.
 —Men's shoes, \$1.00; ladies', \$1.00; children's, 50 cents; slippers, 50 cents at Wood's.
 —Jelly tumblers 50 cents per dozen at Wood's.
 —For fine confectionery and fruits, send your order to Meriz.
 —Everybody says so. Meriz, corner Pond and Washington streets has the largest bread in Bristol.
 —Just opened. Meriz's Ice Cream Saloon. Finest quality of cream, purest fruit flavors, and good measure.
 —W. N. K. Bollenau now offers one of the best cough medicines in the world. He has confidence in it and it will give satisfaction. Ask for Piso's Cure for Consumption.

DIED.

SPENCER.—On the evening of the 18th inst., at Oxford Valley, of pneumonia, Elizabeth Spencer, wife of John G. Spencer, aged 74 years.
 In the 18th she was buried at Adelphi Cemetery, followed by a large concourse of relatives and friends, whose sorrow attested their deep respect and reverence for her while living and their irreparable loss by her departure. She had ever been a kind and constant helper to her husband, and a true and faithful friend. Ever ready to assist the unfortunate and sympathize with the afflicted, her memory will long be cherished in the hearts of her connections and the community among whom she resided.

LAROR PROFITS IN CASE OF LONG LIFE, AND ACTUAL INDEMNITY IN CASE OF DEATH.—The actual results of the Equitable Life Insurance Society, now maturing, surpass anything in the way of life insurance to be found anywhere. One party who insured eleven years ago can now have returned 115 per cent. of all premiums paid, having been insured meanwhile for \$10,000. Another can receive back 125 per cent. of all premiums paid, the policy having been in full force in event of previous death.

Running over a longer period, the estimated results will be even greater, as for example: A man aged 20 will pay annually only \$30.10 for \$1,000 payable at death, or receive more than that amount, if living, at the end of 20 years. That yields a better investment than Government bonds and life insured besides.

Or after 20 years it is estimated that there will be an annual income of \$43 and a policy for \$1,000 payable at death, without further cost. Can you do better with so small a sum, or will you save it in any other way?

To order to more clearly understand it, please apply for an illustration at your age to the General Agent, Mr. I. L. REEDER, 223 Chestnut St., Philadelphia, or W. C. HENNINGSON, Bristol, Pa.

Gentlemen of good standing in their community, who have canvassing abilities, can have profitable employment as agents for this popular company, by addressing the General Agent. The assets are now nearly forty million dollars.

A profuse and many times excessively offensive discharge from the nose, with "stopping up" of the nose at times, impairment of the sense of smell and taste, watering or weak eyes, impaired hearing, irregular appetite, pressure and pain over the eyes and at times in the back of the head, cold feet and a feeling of lassitude and debility are feelings which are common to catarrh, yet all of them are not present in every case. Dr. Sage's Catarrh Remedy cures catarrh in its most forms and stages. It is pleasant to use and contains no poisonous or caustic drugs. So sure a cure is it that its former proprietor offered in all the principal newspapers of the land a standing reward of \$500 for a case it would not cure. Sold by druggists at 50 cents.

NEW BIOGRAPHICAL DICTIONARY.—Prominent among the valuable features of the New Edition of Webster's Unabridged Dictionary, just issued, is the "New Biographical Dictionary," comprising about 10,000 names of ancient and modern persons of renown, including many now living. It gives us the pronunciation of these names, the nationality, profession or occupation, date of birth, and if known, the date of death of each person. From its conciseness and accuracy it supplies a want long felt in this direction, and adds very greatly to the value of this always valuable work.

The regular courses of studies open to students at the Pennsylvania State College are three in number, Agricultural, Classical, and Scientific. Each is a full one, and supplemented as they all are by practical instruction on the farm, in the garden, vineyard, and the laboratory, the student who pursues either of them will become not only a well educated but a self-helping man. Full information can be obtained by addressing the Business Manager, State College, Centre Co., Pa.

Or Gen. Gardfield and Arthur, who are both Masons, a Washington paper says: Brother James A. Gardfield is a charter member of Penna. Lodge No. 23, and a member of Columbia Chapter No. 1; Columbia Commandery No. 2, and Mitras Lodge of Perfection, A. and A. Rite, all of this city. Brother Chester A. Arthur is a member of all the Masonic bodies in New York city.

M. B. Roberts' Horse Powders have been used with astounding results in the stable of Mr. Lawrence Lorick, and so that the Englishmen have been ordering it in large quantities; since Parole, Wallenstein and other American horses, have won thousands of dollars for their owners.

For hotels, cottages, or private use there are no goods equal to Semi or Stone Porcelain wares. Being of a very vitreous body they are equal to French China while sold at about half the price. Messrs Erlwin Shupp & Co., No. 317 Market Street, Philadelphia, have a full stock of these goods and are prepared to meet the demands of all.

SINCE'S DYSENTERY COMPOUND.—There are no diseases that will so quickly bring incidents of a person's past life and make him think of home and his mother, as Cholera, Cholera Morbus, Dysentery, Cramps, Colic and all their kindred diseases. And to be without SINCE'S Dysentery Compound when overtaken with the above disease is to be almost without hope.

Englishmen formerly supposed that American running horses were very inferior to theirs; but during the last two years Parole, Wallenstein and other fast ones that were sent from this country to England, have won hundreds of thousands of dollars, for such Americans as the Messrs. Earlford, James Gordon Bennett, &c. The Englishmen have investigated the reasons for the great success of American horses, and find that they are kept in such fine condition by the constant use of M. B. Roberts' Horse Powders.

DR. J. H. SCHENCK—
Dear Sir—From a feeling of gratitude and a desire to benefit others, I send you this certificate that all may know of the virtue of your medicine. For ever weary eyes, I was once almost blind. I had night sweats, loss of appetite, a very severe cough and a complete prostration of my whole system. My physician pronounced me a skeleton and all the medicines I took failed to give me any relief. I then made up my mind that I was, in fact, a man, when an acquaintance recommended your remedies. I had little faith in them, however, but, as I was in a very short time, I purchased a bottle of your medicine, and found to my great surprise that it was getting stronger and that my worst symptoms were disappearing. I persevered in taking them until I was restored to perfect health. I assure you that language fails to express the gratitude I feel towards you for your skill in preparing so good and great a remedy.

Gratefully Yours,
CATHERINE A. STEWART.

MEDICINES
WILL CURE
CONSUMPTION,
LIVER COMPLAINT
AND
DYSPEPSIA.

Read the following Letters from

REV. HENRY MORGAN,

Of Boston. He was Cured by Dr. Schenck's Medicines.

BOSTON, MASS.

Dear Sir—I feel it my duty, for the sake of sick and suffering humanity, to relate to you the following facts, which I regard as a triumph for you.

Last May I was attacked with hemorrhage of the lungs, and bled profusely, and not finding the proper remedy, all again bled, and on the month after, and became weaker than before. Then I fully comprehended the danger, and sent about me for an agent from the impending doom.

Naturally skeptical and fearful of being duped, having an inveterate abhorrence of opium, I was slow to trust; and with regard to your medicines, I was obstinate even to a fault. Not until the living witnesses, healed, recovered, with full breathing power, stood before me, would I be persuaded. Nor until the efficacious balm was purchased and brought to my room, and forced upon me, would I try it. Two of my parishioners informed me of their wonderful recovery; one was completely cured, and the other, after a long and severe illness, was now in the service of his country; the other was a person who was on the verge of death for more than a year, bleeding at every little excitement, and despairing of recovery until she found relief in your Syrup.

PULMONIC
SYRUP.

She came before me apparently in the very bloom of health, with brilliant, florid countenance and rosy bearing, the last person I should have suspected of having ever been under the pale sheet of New England's fell destroyer—Consumption. She looked to you as though she were a new creature, and to your Syrup as a panacea for the complaint. She was a member of my church, and told an interesting story of her recovery, and how she had been cured. I did not feel at all right to be, because she herself had been healed, yet there she stood, the living witness of my failure. I said, "I don't know her." Could I refuse a remedy so mild, so palatable, and yet so efficacious? To delay is to court death. I bought a bottle of the Syrup, and recovering rapidly, I went into the country for three months, for the cure of the lungs, and the cure was complete. I was cured without the medicine. I went without that, and after bleeding again, I realized that I was cured. I did not feel at all right to be, because she herself had been healed, yet there she stood, the living witness of my failure. I said, "I don't know her." Could I refuse a remedy so mild, so palatable, and yet so efficacious? To delay is to court death.
